Capt Landerbach Dead.

Capt Landerbach Dead.

Capt James Hewitt Landerbach died yesterday at Wade Postoflice, Washington county, Ohio, aged 10 years. He was one of the ablest steamboatmen on the Ohio, and for many years a resident of Wheeling. He retired in 1864 to peacefully spend his last days on the banks of his favorite stream. For two years past he has been igradually sinking, and yesterday morning a telegram to his son-in-law, E.D. Hughes, 1233 Main street, announced that he had peacefully passed away, leaving a large circle, of relatives and friends to mourn his loss.

FIXISO THE AWARDS.

The Awarding Committees commenced their work yesterday morning. It is one of the most interesting entertainments connected with the Fair to be present when the live stock committees are at work. The handsome chorses, fat, sleck cattle and splendid sheep and hoga always appear at their best when brought out for this inspection. The display this year in all of these departments, especially that of horses, is far ahead of anything ever seen here before. The committees will continue their work to-day and to-morrow. Sweepstakes are to be awarded Friday. The grand envalende will probably take place Friday or Saturday afternoon.

A THOT AND A PACE

A TROT AND A PACE

Vatched by a Large and Interested Crowd Yesterday Afternoon. The races yesterday were well worth at-

nding. There were plenty of fast horses and each heat was hotly contested. At mes they were very exciting, calling forth theers from the thousands that witnessed them. Notwithstanding the extreme heat the attendance was large. By 2 o'clock the grand stand was nearly two-thirds full, while along the fences were scattered several hundred interested spectators. About the pool boxes and the wheel of fortune were grouped the sporting men, who numbered up in the thousands. The boxes are situated under the big trees at the north end of the stand and form the center of a fascinating locality. There can always be found a crowd there; some are investing heavily for the purpose of winning largely, others just for fun.

The turnout of private rigs was surprising. Over 150 were inside the enclosure and many more were outside. The officers of the day were the same as those on Tuesday, and it may be remarked in passing, that the Association could not do better than retain them for the remainder of the week. hem. Notwithstanding the extreme heat

THE 2:29 THOT.

The first racing event was a trot for the 2:29 class with five entries, on the race card, who faced the wire in the following order: Ida II., Billy Ford, Capt.—Douds, Tom Meckley and Loretta F. In the pools. Douds had the call with the field selling even and occasionally at a slight advance. There were plenty of takers for both. The horses were not called out until half-past two, and then fifteen minutes was lost in fixing a broken harness and in scoring.

To-day is "Citizens' Day." The indications are that the weather will be fair and if such is the case the attendance ought to be at least 20,000. Mayor Miller has very properly issued a recommendation in a properly issued a recommendation in a proclamation, that business men observe the day as a holiday, close their places of business in order to allow their employes to attend and to attend themselves. The banks showing a public spirit that is commendable announce that they will be closed, and several large business houses have sent in word that they will not be open to-day. The Association is a Wheeling enterprise and unless Wheeling citizens patronize it, and thus set an example for their country cousins, the final result one well worth the paltry price of admis-

jockeying or partiality. The pools last night gave but little indication of what the result to-day will be, as they were sold in all manner of combinations. The first race is for the 2:40 class of trotters, and there are thirteen entries. The second race is a free-for-all trot, both for purses of \$500, and \$100 extra in the last race if 2:23, is beat. In addition the pulmished 2:20 trot of yesterday will be completed at 1:30 P. M.
